

## Town & Country Callings.

—Mayor McCallum, of Moosomin, was visiting here last week end.

—Miss Scarlett, of Toronto, and Miss H. Scarlett, Winnipeg, are visiting their sister, Mrs. Akhurst.

—Mr. Sperling's chopper is being operated at the Old Police Barns and not the Creamery as previously announced.

—Mr. W. S. Redpath is accompanying Mr. Hilton Keith from Touchwood to his new home at Carlton Reserve.

—Mr. Wm. Tr. Wartha, of Edenwald, has disposed of his stock and rented his farm. He will take up his residence for a time at Winthrop, Ont.

—The Rev. Mr. Pochman will conduct a baptismal service at the reservoir at 12.30 to-day (Thursday). There will be a baptismal service at 8 p.m. in McLean's Hall.

Messrs. Love and Raymond, of the Lelan House, slaughtered no less than twenty-two hogs on Tuesday and yesterday, all of them from their own ranch near town.

—Six or seven deer were seen all together on Saturday last on the farm of Mr. Miles, a short distance from town. A move was made to bag the big game, but we have not heard with what success.

—The sale of stock and implements, the property of the late Geo. Gibson, took place as advertised on Wednesday last. There was a good number of people present, and better prices were realized than was anticipated.

—Mrs. Axford, who was in town last week, left on Friday to visit friends at Balgownie and further west. Mr. Axford expects to leave here on Saturday for Prince Albert and will be joined by Mrs. Axford on the way to his new sphere of labor.

—Those interested in making the fixtures for public entertainment at Christmas are already securing dates for the various events. A recent meeting of the Christian Endeavor it was decided to have the Christmas tree in connection with the Methodist Church on the day after Christmas Day, Monday, Dec. 26th.

—The outcome of the recent visit of Mr. Copeland, provincial secretary of the Young Men's Christian Association has been the establishment of a meeting for young men, which is held every Friday evening at Mr. Shelford's room. We have no doubt that all young men who wish to attend will be made welcome.

—Mr. Insinger's majority over Mr. McNutt at the recent election at Wallace is chronicled at 134. Mr. Insinger was banqueted at the Imperial Hotel, Saltcoats, and about thirty-five persons were present to do honor to the new member of the Assembly. Dr. Patrick presided, and proposed "The guest of the evening," to which Mr. Insinger responded in fitting terms. Mr. Haulman was present and replied to the toast of "The North-West Assembly."

—There is a swill tub near the back door of a large house, located within a hundred miles of this office, which has proved a pitfall to two members of the pig family in search of slop in that locality. It is partly sunk in the ground, and the unwariness of the two pigs caused them to fall head first into it. The first victim was found dead and stiff one morning a week or two ago. The second was discovered the other day making the final struggle preparatory to giving up the ghost, but two stalwart British subjects rushed to the rescue, released it from its hellish position, and after vigorous knocking in the region below the short ribs had the satisfaction of seeing animation restored. This should be a solemn warning to those who own any of the porcine species not to let them stray too far from home, and thus save them from an awful doom.

—A fairly accurate estimate of the success which rewarded the labors of our agricultural population the past season may be gathered from the number who have already taken a trip to the Old Country this winter. Besides the families of Mr. Cameron and others who left some weeks ago, the Messrs. Blake, of McLean, took tickets this week for Liverpool, England, via the Allan State Line steamship State of California, sailing from Halifax, N.S., on the 26th. We wish our young friends bon voyage. The agent informs us that he has had several other enquiries regarding ocean passages, and that he expects to look at least half a dozen within the next few days. The country will reap the benefit of these visits to the Old Country by an increased immigration next spring, as all the parties have friends on the other side who will accompany them on their return.

## DR. PRICE'S Cream Baking Powder

The only Pure Cream of Tartar Powder—No Ammonia; No Alum.  
Used in Millions of Homes—40 Years the Standard.

—The prolonged strike of steel workers in the great mill of Carnegie & Co., Homestead, Pennsylvania, is declared off, the workers being starved into submission.

—News comes from Ottawa that Mrs. James J. Hamilton dropped dead on the 19th inst. while excitedly discussing a law suit, now pending, in which she was a party. Her husband is a blacksmith in Regina.

—John S. McMahon, proprietor of the McMahon's circus, who visited here a short time ago, is dead. He died on a private car near Helena, Mont., whilst on his way to Chicago. Consumption, aggravated by a severe cold, was the cause of death.

—Mr. Wm. Henley shipped a car load of wheat from this station direct to Liverpool last week. The grain was Mr. Henley's own growing, and was of excellent quality. We hope the venture may prove as successful as the enterprise which prompted it.

—Henry Bear, a Touchwood half-breed, was arrested a few days ago on a charge of furnishing intoxicants to Indians. He was brought to town on Monday by Capt. Jeffry, of the police detachment at Touchwood, and was taken to Regina on Tuesday morning for trial.

—The C.P.R. are mindful of the comfort of their employees. Carpenters have been at work laying a new floor, putting up storm windows, and otherwise making the station here comfortable for the winter. Similar work is being done at Indian Head and other places on the main line.

—The Massey-Harris Company have appointed Mr. N. G. M. Callum, of Moosomin, Mr. H. A. Axford's successor as general agent of this district. Mr. Callum was formerly local agent for the same company at Moosomin. The territory under his charge extends from the western boundary of Manitoba to Moose Jaw on the main line of the C.P.R.

—Tuesday next, the eve of St. Andrew's, is appointed by the Church of England as the day of special intercession on behalf of her missionary work. There will be a service of intercession in St. Peter's Church at 7.30 p.m., after which it is hoped to form a Parochial Missionary Association. All are invited to attend. There will also be special intercession at the Holy Communion on St. Andrew's Day at 11 a.m.

—A Montreal despatch says the C.P.R., in cooperation with the Manitoba Government, are making preparations for the immigration season next year, and expect to do a better business than has hitherto been realized. It is hoped the North-West Government will work in harmony, and offer such facilities as will result in the North-West Territories getting its share of the immigration next year.

—The Canadian Pacific Railway has notified grain dealers that in order to avoid delay and to facilitate its shipment of North-West grain on signed to North Bay might be re-considered to Boston or New York, with the privilege of ten days in Montreal, provided a maximum charge of two and a half cents a bushel be paid. This information may be of some value to our local dealers.

—At Fort Qu'Appelle on Monday, the ratapatties of the municipality were given an opportunity of voting for a by-law to grant a bonus of \$20,000 to aid in the construction of the Wood Mountain and Qu'Appelle Railway from the Canadian Pacific Railway to Fort Qu'Appelle, this bonus, if carried by the necessary vote, to be payable only on the completion of the road to the Fort by the 31st October, 1893. The vote resulted in favor of granting the bonus.

—We direct attention to the advertisement of cheap excursions to Ontario and Quebec, via the Canadian Pacific Railway, which appears in our advertising columns to-day, and in this connection would impress upon intending excursionists the necessity for communicating with Mr. Warner, the local agent, with a view to having places secured, without which it may be difficult when the rush commences to accommodate all who may desire to avail themselves of the opportunity thus afforded. Mr. Warner would be pleased if any person contemplating a trip east this fall would notify him of their intention at as early a date as possible, to enable him to provide the necessary accommodation for them.

—A very heavy easterly gale prevailed on Tuesday night. The wind blew with violence all night, but as little snow fell the drifts were not great. The train service, however, was somewhat impeded, the east-bound express not arriving here till 6.30 o'clock, three hours behind time.

—The College of Physicians and Surgeons of the North-West commenced to hold its annual examination at Calgary on Wednesday last, when six candidates presented themselves. One of the candidates was a lady from Victoria, who, if successful, will be the first lady admitted to the practice of medicine in the Territories. The Medical Association of the North-West was also in session at Calgary last week.

—There was an inquest held on the body of Ole Mickelson, the supposed murderer of P. O. Skanerene, who was shot down near Edmonton while resisting capture by the citizens. The verdict of the jury was to the effect that the deceased had come to his death by a gunshot wound at the hands of William Bell. The jury also decided that Bell had acted in self defence and exonerated him from all blame.

—Next Sunday morning the Rev. E. T. Carter will preach in the Methodist Church, Fairview, at 10.30, when the Sacrament of the Lord's Supper will be administered. Service will also be held at the residence of Mr. McMichael at 2.30 p.m., and in the Methodist Church, Qu'Appelle, at 7 p.m., when Mr. Carter will deliver a lecture to young people from the subject:—"Liquor drinking, bad books and bad companions." All are invited.

—The Legislative Assembly is summoned to meet at Regina, for the despatch of business on Wednesday, the 7th December. It is expected that before the date mentioned Mr. Cayley, whose supporters in the Assembly are now in the minority, will have placed his resignation in the hands of the Lieut.-Governor, and that Mr. Haulman, the deposed Premier, will resume the helm and endeavor to steer the ship of state clear of the shoals upon which she stranded four or five months ago.

—Following the painful gun accidents at Whitewood and Fort Qu'Appelle, we hear of several at more distant parts of the country, all of which point to the necessity of greater caution being exercised with firearms, and especially the extreme danger of carrying a loaded gun in a rig. An accident of this nature happened a few days ago to Tom Goss, a settler who lives fifteen miles west of Calgary. He was out shooting chickens, and riding in a backboard with a loaded gun lying in front of him in the rig. The gun slipped out, and the wheel striking the hammer, the weapon was discharged, the charge entering Goss's thigh and arm.

### INDIAN HEAD.

The cold weather has caused a demand for coal, and it seems strange that we have to pay such a high price for that very necessary article while western coal is sold cheaper in Winnipeg, and I am assured that the difference is not made up by profit to the local dealers, as they cannot purchase the coal by the car here at what it is sold in Winnipeg. This I think would be a good point for our municipal council to talk over with the C.P.R.

The threshers are pretty well through for the season, and the latest by way of a big record is from the Rose Valley Syndicate, they having threshed 2,200 bushels of wheat in eight hours on Wednesday, 16th. This is not told for a big story, as I have it from the most reliable authority, not only as to the amount threshed, but the time it was done in.

What is coming in now at the rate of about 3000 bushels per day. G. S. Davidson, M.L.A., has been around through this district looking after the interests of his constituents.

Thos. Travis has arrived back from Ontario, bringing with him some good stock, besides other settlers' effects.

The curling club have been making improvements on the rink, and hope soon to be able to enjoy themselves in that favorite game.

The Methodists of this place and surrounding stations held a missionary meeting here on Tuesday night, which was largely attended and we understand was, financially speaking, a decided success.

Mr. Jos. Glenn, railroad contractor, has just returned with his outfit and men from work on the Soo

road, the frost having got too severe to continue the work.

Mr. Jos. Conn has been laid up with a severe cold, but is again able to be around.

A great number purpose taking advantage of the cheap excursion rates by the C.P.R. to visit their friends in the east.

### SPECIAL COUNCIL MEETING.

There was a special meeting of the Council of the Municipality of South Qu'Appelle held in McLean's Hall on Saturday last.

The Council members present were J. R. Brown (chairman), A. Whiting, J. R. Bunn, J. H. Fraser, Jas. Smith, and C. E. Cartwright.

A communication was received from R. E. Gordon re assets and liabilities, and it was referred to the Committee on Finance, Assessment and Safety. Wm. Trevartha sent in his report as poundkeeper, and it was ordered to be filed.

The principal business of the meeting was to discuss a notice of Council members to introduce a by-law to prevent the running at large of horses, mules and jacks through the municipality. The Council advertised the nature of the business to be considered for the information of farmers and others interested, and in response there was quite a number present, including G. S. Davidson, M.L.A., Thomas W. Carrol, J. H. Howden, James Whittingham, P. Emmerton, Wm. Rogers, G. R. Skinner, Wm. Broley, etc.

Several of these present expressed objection to a by-law for horses the year round, and as they had not provided feed for them it would be very inconvenient. The Chairman read extracts from the North-West Territories Ordinances with reference to the prevention of the spread of contagious disease, and the subject was thoroughly discussed. Mr. Davidson explained the working of the Act, and gave his views as to the best course to pursue should necessity arise.

It was finally agreed that if the farmers expressed care and watchfulness over their horses and carried out the provisions of the North-West Act in the event of the signs of contagious disease presenting themselves, it would obviate the necessity of passing the proposed by-law.

The members of the Council expressed pleasure at seeing those most directly interested in the subject under consideration attend the meeting, and assist the Council in arriving at what would be to the best interests of the municipality.

On the motion of J. H. Fraser, seconded by James Smith, the best thanks of the meeting was tendered to Mr. Davidson for the valuable information given by him with reference to contagious diseases of animals.

After the applause with which this was received, Mr. Davidson, Mr. Davidson acknowledged the compliment by saying that he would be only too pleased to do anything for the district he represented.

It was moved by A. Whiting, seconded by James Smith that the Chairman be requested to write the C.P.R. officials and request that a crossing be put in at McLean Station on township line between ranges 15 and 16. Carried.

Council then adjourned.

### A TERRIBLE DEATH.

A young Belgian named Boete was found dead on the prairie a few days ago about fifteen miles from Calgary on the trail to the Kneehill coal mines. He was employed as a miner at the mines by Dr. Lovingsheart. On food becoming scarce, he started with the coal teams for town on foot, but becoming fatigued lagged behind and evidently lay down and perished from exposure. He was poorly clad. The other members of the party state that they went back to search for him, but darkness coming on they gave up the hunt. He was found by settlers.

The enquiry as to the cause of death elicited a painful story, and the jury returned a verdict that death resulted from kidney disease, hastened by exposure and starvation.

### ELECTED BY ACCLAMATION.

Sheriff Murphy presided as returning officer at Moosomin on Monday last to receive nominations for a parliamentary representative for Eastern Assiniboia. Everything passed off very quietly, the only name brought forward being that of Mr. W. W. McDonald, of Fleming, the candidate chosen at the Liberal-Conservative convention held the previous week at Grenfell. At the close of the time for receiving nominations Mr. McDonald was accordingly declared elected by acclamation. The member elect then made a speech, in which he promised to do his utmost to fairly and faithfully represent every part of the district. Senator Purley followed with a forcible speech, and was attentively listened to. Mr. A. C. Paterson was called upon, and in a brief speech expressed confidence in the choice of the party.

### FOR SALE.

ON EASY TERMS, the N.W. 1, sec. 6, tp. 19, r. 15, also S.E. 1, sec. 10, tp. 18, r. 16. Both of these properties are situated in well settled districts, in close proximity to churches and schools, not far from the town of Qu'Appelle. For particulars apply to A. C. PATERNON, Qu'Appelle.

### WANTED.

WANTED, a YOUNG WOMAN for office work as Assistant Bookkeeper. Apply by letter to S. P. CASSELL, Qu'Appelle Station.

### Homestead Regulations

All area numbered sections of Dominion Lands in Manitoba or the North-West Territories, except 8 and 26, which have not been homesteaded, reserved to provide wood lots for settlers, or other purposes, may be homesteaded by any person who is now head of a family, or has one or more children under the age of 21, the extent of one quarter section of 160 acres, more or less.

Entry may be made personally at the local land office in which the land to be taken is situated, or at the nearest land office, or by mail, in which case the applicant must send to the Minister of the Interior, Ottawa, the Commissioner of Dominion Lands, Winnipeg, a request for a permit to make entry for land. A fee of \$10.00, divided into two equal instalments, one at the time of making entry, and the other at the expiration of one year, is chargeable on most inspection and cancellation expenses.

### HOMESTEAD DUTIES.

Under the present law homestead duties may be performed in three ways, and on making application for entry the settler must declare under which of the following conditions he expects to hold his land:

1. Three years' cultivation and residence, during which period the settler may not be absent for more than six months in any one year without forfeiting the entry.
2. Residence for two years, and nine months anywhere within two miles of the homestead quarter section, and afterwards actual residence in a habitable house upon the homestead for three months next prior to application for patent. Under this system the entry may be broken the first year after entry, 12 additional to the second, and 12 in the third year; 10 acres to be cropped the second year, and 20 acres the third year.
3. The five years' system under which a settler may reside on the land for the first two years (but must perfect his entry by continuing residence with him six months after the date thereof) breaking five acres the first year, cropping three acres and breaking 10 acres additional the second year, and also building a habitable house before the end of the second year. The settler must continue actual residence on the homestead at the expiration of two years from the date of entry, and thereafter reside upon and cultivate his homestead for at least six months in each of the three next succeeding years.

APPLICATION FOR PATENT may be made before the local agent, any homestead inspector, or the intelligence officer at Medicine Hat, or Qu'Appelle Station. Before making application for Patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands of his intention to do so.

INTELLIGENCE OFFICES are situated at Qu'Appelle Station and Medicine Hat. Newly arrived immigrants will receive at any of these offices information as to the lands that are open for entry, and from the office in charge, free of expense, advice and assistance in securing lands to suit them.

A SECOND HOMESTEAD may be taken by anyone who has received a homestead patent or a certificate of recommendation, and is authorized by the Commissioner of Dominion Lands, upon application for patent made by him, or had carried title to his first homestead on, or prior to the second day of June 1887.

Full information respecting the land, timber, coal and mineral laws, and expenses of these regulations, as well as those respecting Dominion Lands in the Northwest Territories, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa; the Commissioner of Dominion Lands, Winnipeg; Manitoba; or to any of the Dominion Land Agents in Manitoba or the North-West Territories. A. M. BURROWS, Dep. Min. of the Interior.
